

**QUALITY AWARD**

- Dali & Samir Engineering Pvt. Ltd. is one of the largest manufacturers of Fuel Tanks in India catering to major Global and Domestic Automobile Companies.
- We have over 4 decades of experience in Design, Validation, Testing and Manufacture of Fuel Tanks.
- We are the original equipment manufacturer and supplier of Fuel Tanks, Oil pans, Vacuum Tanks, Exhaust Systems, and other Small to Large Stamping & Tubular Assemblies to all major Automobile Manufacturers

- Plant 1 – Pune (West India)
- Plant 2 – Pune (West India)
- Plant 3- Pune (West India)
- Plant 4 – Pantnagar (North India)
- Plant 5 – Hosur (South India)

Major Customers are

- Ashok Leyland
- Ashok Leyland Nissan
- Daimler
- Fiat
- General Motors
- Hyva
- Hidromas
- Isuzu Motors
- Kubota Mfg. of America (USA)
- Larsen & Toubro
- Mahindra Two Wheelers
- Mahindra & Mahindra
- Tata Motors Ltd.
- Wipro Infrastructure

DAIMLER

Kubota

HYVA

ISUZU

Products

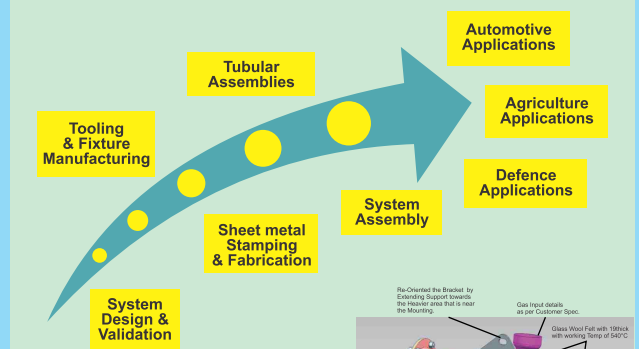

- Fuel Tanks
- Exhaust Systems
- Oil Pans
- Cross Car Beams
- Hydraulic Tanks
- Air / Vacuum tanks
- Surge Tanks
- Heavy Stamped Assemblies
- Tubular Assemblies

➤ We also supply Hydraulic Tanks to tipper and tractor applications. Major customers are Hyva, Hidromas, Wipro Infrastructure. We are spread pan-India with 5 State of the art facilities for design and manufacture of various Automotive Components. We are also directly exporting Hydraulic Tanks to Kubota USA.

➤ **Defense Applications:** We supply specialized Fuel tanks with explosion suppressant materials for Land Mobility vehicles, Mine Protected vehicles and howitzers to various customers like Land Defense Systems, Larsen & Toubro Heavy Engineering & Tata Motors.

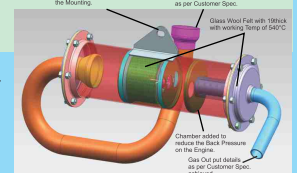

DESIGN TO REGULAR SUPPLIES

CAD CAM Capability

- Unigraphics
- SolidEdge
- Autocad Inventor

Design & Manufacturing Facility:

- Design, Simulation, Validation and Testing
- CAD CAM CAE Capability *FEA- Static & Dynamic * CFD (Fluid Flow Analysis)
- In-house CAD/CAM equipped Tool Room and Prototyping Facilities
- Stamping facility: We have over 40 Hydraulic & Mechanical Presses with capacities from 20 Tons to 630 Tons.
- Fabrication: State of the art equipment with over 100 new generation Seam Welding Machines (3 Phase DC, Secondary Feedback systems), Spot Welding Machines MIG/MAG /ACDC TIG welding machines.
- Surface Treatment: All Plants are equipped with conveyorised state of the art powder coating & Painting facilities.

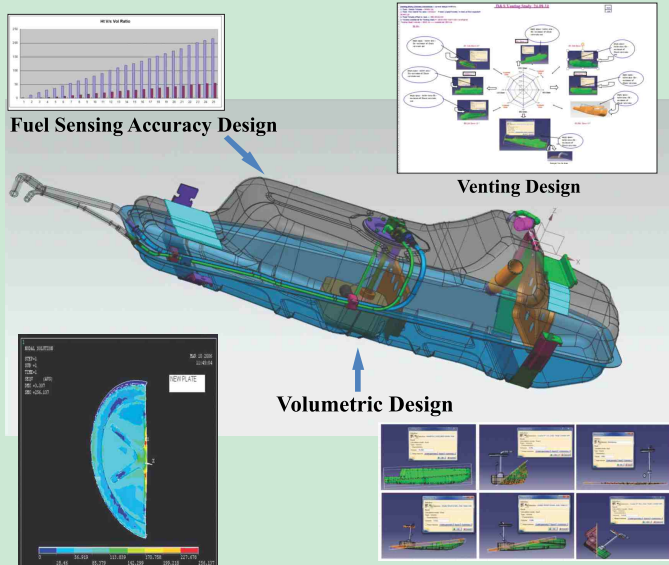

PRODUCTS

• Hundreds of Thousands of Products supplied since 1972

System Design Capabilities

Production Capacity:

- Fuel Tanks - 600 Thousand per annum.
- Stamping - 35,000 Tons per annum

Quality:

- We have been certified to ISO TS 16949 & ISO 9001 standards.
- We are self certified suppliers to our customers
- We have received recognition the industry through ACMA's quality award and Kirloskar Quality Capacity award.

• Fuel Tanks From 1Litre Capacity to 450 Litres

PRODUCTS

Exhaust Systems

Fuel Filler Necks

Cross-Car Beam

Bonnet Inner

Exhaust Systems

Complex Mounting Brackets

Tubular Assemblies

FUEL TANKS FOR SUVs

Fuel Tanks for Micro Trucks

FUEL TANKS FOR CARS

Fuel Tanks for Vans
